

EXPLORER UP CLOSE

Entry level rucksac for first time backpackers, Guides and Scouts. Robust construction, large capacity and feature packed design will not disappoint.

Feature model 60+10

1. Size Tolerant back system

The Size Tolerant system offers a simple yet robust construction that has the same load carrying abilities as our adjustable rucksacs. The channel that is created via the raised foam generates a chimney effect that enhances ventilation whilst active.

3. Excel® 1680D polyester base

A robust, strong, PU textured fabric. Super durable and abrasion resistant used on the pack base.

2. Excel® 600D polyester (with 300D ripstop contrast)

A sturdy PU coated 600 denier polyester with sewn in threads creating a strong abrasion resistant fabric.

4. **Shaped adjustable harness**
For optimum fit and comfort
5. **Shaped ergonomic hip belt**
Shaped for comfort and load carrying
6. **Airmesh on body contact points**
Keeps the user dry and cool
7. **Sternum strap with emergency whistle**
Adjustable secure fit and easy to reach safety feature - note this whistle is positioned in a downwards direction to prevent water entering the whistle and freezing
8. **Top Lid Access with twin buckle closure**
Easy access to pack contents
9. **Zippered base compartment**
Allows flexibility, ease of packing and the ability to separate items from the main compartment
10. **Expandable side zip pockets (on 50+8, 60+10 & 70+10)**
Extra capacity when required, (Classic fixed volume zippered side pockets on 65L)
